- Add the products that you wish to order to your shopping cart and, when you have finished shopping, complete the checkout process.
- Make a note of your unique order number that is displayed once you have made payment (the order number will be emailed to you as well so don't worry too much if you forget to note it).
- Read the "[Image Requirements](#)" document and then decide which pictures you want to have printed on your products.

Please Note:

If you request text to be added to one of your products but do not specify the position, font or colour of the text then we will use our judgement to give what we consider to be a pleasing effect without detracting from the image supplied.
